## MG Secure Entry Door Lock

A

### DOOR THICKNESS: 12mm (7/16") (or 10mm (3/8") with optional spacer)

The Secure is designed for both swinging and sliding doors. It can be used on acrylic or wood doors, bi-fold doors, hatches, and companionway drop-in boards. The Secure is easy to install, since no fasteners are required - simply snap the Secure over the door edge.

- Offered in all corrosion-resistant materials, including Polyamide, Stainless Steel, and Brass
- Outside keylocking with interior sliding privacy lock
- Supplied with striker and two keys

### Available Options:

Finish: White or black polyamide case available.

### Accessories:

Locking: Optional black day key available.

Spacer: Optional spacer available to accept a 10mm (3/8") door thickness.

Striker: Numerous strikers available in clear or black anodised aluminum or stainless steel.

Different shapes available.

For spare keys please contact Southco Marine
